

# Business

## Employees with business skills are in demand in every industry!

Business is booming all over California, especially small business! Did you know that there are four million small businesses employing over seven million people across the state? Whether you want to conquer the markets as a global entrepreneur, or crunch numbers as an accountant, AVC's Business programs will give you the practical skills you need to climb the ladder of career success in business and beyond.

AVC's five, industry-focused Business programs give students the flexibility and hands-on training they need to compete in today's global marketplace. Management students learn how to lead and accounting students master the language of money. Marketing students learn what it takes to stand out in a crowded market while students in real estate, learn the lay of the land as they earn industry-standard licensure.

More importantly, since all companies require employees with a keen business sense, AVC students find opportunities across all industry sectors. If you're excited about securing your future while shaping the regional and global economy, AVC's Business programs just the thing for you.
