Program Review Committee Feedback

Program Review Report Section	Exemplary: Reflects a clear and thorough report that presents a well-documented review of the program.	Adequate: The self-study adequately presents program information for each section e.g. analysis of data; narrative information is provided regarding goals/objectives, planning, and recommendations relating to the analysis and use of data, institutional learning outcomes, and mission.	Improvement Needed: One or more sections of the report are lacking and/or contain some inaccuracies. The report must be revised and resubmitted in order to meet the requirements of the program review process. Complete/revise Part(s) mentioned in the Comments Section.	Comments:

Additional Comments:
Complete, thoughtful and great use of data to discuss the progress of the program.
Aim to gather OO data for the 2021-2022 academic year, then analyze it and write Outcomes Analysis (fka Action Plans) in the Fall so you can document your progress in Part 2C next year!
