Lancaster, CA 93536-54261

“

*“The AFMT bachelor’s is a great degree for the Antelope Valley because of all the job opportunities here! Not only is AVC comfortable and affordable, but I work in aerospace and this degree will allow me to advance even farther!”*

— **Andrea S., AVC Student**

## Futures are Bright!

With demand for skilled, career-educated professionals growing faster than ever, there has never been a better time to get a future-focused degree from Antelope Valley College!

# 48.9%

of AVC students are the first in their family to attend college.

Number of Strong Workforce Stars AVC earned for excellence in career education.

**More Education = Lower Unemployment + Higher Wages**

According to the US Department of Labor

65% of all future jobs will require more education than a high school diploma.

According to the National Skills Coalition

AVC's Aircraft Fabrication and Assembly Technician program, which forms the basis for the AFMT degree, won a coveted **Gold Strong Workforce Star** for excellence related to earnings gains, living wage attainment, and job placement within the industry.

## TOP JOBS

in the field, like Aircraft Mechanic and Service Technician, are growing at more than 12% annually—more than double the national average in all other states!

# #1

AVC's AFMT program won a prestigious "Partnership for Industry and Education" award from the California Economic Summit in 2017 for its outstanding connections with regional employers like Northrop Grumman.

## High-Flying Careers

For \$11,000 (or less with financial aid), you could earn an industry-focused bachelor's degree and find work in one of the region's highest-paying sectors! AVC's Airframe Manufacturing Technology program is one of only 15 bachelor's degrees being offered at a California community college and was designed to meet the need of the aerospace industry for multi-skilled individuals who can serve as first-line leads in the manufacturing of civilian and military aircraft.

Flexible program tracks allow students to enter as freshmen with no experience, or as juniors after completing the two-year, award-winning Aircraft Fabrication and Assembly program. Students learn state-of-the-art skills in airframe manufacturing, aircraft fabrication, and electronics by taking courses on such topics as low observables, producibility, and advanced composite manufacturing. At the same time, AVC's strong partnerships with regional employers like The Boeing Company, Lockheed Martin, Northrop Grumman and others, help students transition into exciting careers. Last year, 155 students were hired by Northrop Grumman alone!

If you have your sights set on high-demand, high-paying career in the aerospace industry, the AFMT program can help take you from lost to launch!

## Degrees & Certificates

**Bachelor in Science - Airframe Manufacturing Technology**

## Affording AVC

Paying for college can be tough. We can make it easier.

### California College Promise Grant

Eligible, first-time students go to college for free!

### Financial Aid

Grants, loans, and work-study employment from federal and state programs, as well as community organizations help lighten the load!

### Scholarships

Hundreds of scholarships are available to students through the AVC Foundation and outside organizations!

## Supporting Success

AVC students have access to these FREE services and more!

### Academic & Career Counseling

Put your future on the fast track with the support and guidance of our qualified advising staff.

### STAR Program

The Student Transition Academic Retention Program (STAR) program provides special services to support first-generation students.

### Veterans Resource Center

Thank you for your service. Now let us serve you and your family as you pursue your educational objectives.

### Guardian Scholars Foster Youth

A support system for foster youth designed to assist with common needs and concerns.
