## PROGRAM LEARNING OUTCOMES

**Program: Associate Degree Nursing** 

Indicate, by number, the Institutional Learning Outcome(s) each Program Learning Outcome will support.

Submit a signed copy of this form to the SLO committee mailbox.

## Institutional Learning Outcomes

- 1. Analyze diverse perspectives from a variety of disciplines and experiences that contribute to the development of self-awareness.
- 2. Value and apply lifelong learning skills required for employment, basic skills, transfer education, and personal development.
- 3. Demonstrate a breadth of knowledge and experiences from the Humanities, Social and Behavioral Sciences, Arts, Natural Sciences, and Mathematics.
- 4. Solve problems using oral and written communication, critical thinking and listening skills, planning and decision-making skills, information literacy, and variety of technologies.
- 5. Demonstrate good citizenship and teamwork through respect, tolerance, cultural awareness, and the role of diversity in modern society.
- 6. Identify career opportunities that contribute to the economic well being of the community.

Specifically describe the assessment method(s) used to measure each outcome and specify the achievement target that will determine successful completion of the outcome.

If this is an instructional program, a curriculum map must be attached. All programs must attach a proposed cycle of assessment

		programs must attach a proposed cycle of assessment.
ILO	PROGRAM LEARNING OUTCOMES	ASSESSMENT METHODS and ACHIEVEMENT TARGETS
3	Practice nursing within the legal, ethical and regulatory frameworks of nursing and standards of professional nursing practice.	90% of the students will achieve a satisfactory clinical evaluation on the final summative evaluation.  90% of the student's will state on the ADN program evaluation they have satisfactorily met the program objectives.
4	Uses the nursing process to safely care for patients; reports and documents appropriate patient information in a timely manner.	90% of the students will achieve a satisfactory clinical evaluation on the final summative evaluation.
4	Use critical thinking to provide the foundation for appropriate decision making.	70% of the students on the ADN exit exam will score at least an average probability of passing the NCLEX.
