

184 Extended Opportunity Program & Services

Definition

Extended Opportunity Program and Services at Antelope Valley College receives State and District funding to help low income students who cannot afford the increasingly high cost of acquiring a higher education, and those who have the ability but require extra help in certain academic areas.

The staff consists of professional, paraprofessional, and student assistant workers who are genuinely concerned with the academic success and personal development of each student in the program. EOP&S provides supportive services to maximize the opportunity for students to achieve their educational or career goals.

In order to receive consideration for EOP&S grant money and other student support services, please visit our office in the Student Services Building.

Not a transfer major.

Prerequisite Completion

If a course is listed as a prerequisite for another course, that prerequisite course must be completed with a satisfactory grade in order to enroll in the next course. According to Title 5, Section 55200(d), a satisfactory grade is a grade of "A," "B," "C" or "P". Classes in which the Pass/No Pass option is available are indicated with an asterisk (*) before the course title. See "Pass/No Pass Option" in the catalog for full explanation.

EOP&S Course

EOPS 060 ENRICHMENT CLASS

3 units

3 hours weekly

The course is designed to meet the students' individual needs to strengthen their academic performance. The student will be introduced to various topics and subject matters through reading, writing and research. Students will utilize basic writing techniques to help them understand the components of organizing and analyzing their ideas. Students will improve vocabulary. Students will explore and develop skills related to college success while learning effective strategies within the campus community. Oral communication will give students practical experience with presentations. Self-assessment and active participation in group discussions will be emphasized. The course is intended to help students routinely implement useful skills to achieve their personal and academic goals. **NOTE:** No grade will be given for this class; student will receive "pass" or "no pass" only. (Credit course not applicable to the associate degree and certificate programs.)
