

# 216 Journalism

---

## Definition

Journalism encompasses the study of forms of the mass media (newspapers, magazines, television, internet, radio and films), and the development of reportorial skills and abilities. The Journalism program not only helps prepare students for transfer and eventual careers in journalism but also increases their awareness and appreciation of the role of the media and mass communication in modern society. They become more informed citizens, better equipped to weigh objectively and critically the wealth of information emanating from the mass media.

Individuals interested in the mass media can learn basic news writing, reporting, and photojournalism skills through the journalism program. The program includes an introduction to mass communication.

## Program Description

Students learn about journalism and mass media through study and practice. An introductory course, COMM 105, focuses on an analysis of the mass media and the role of the journalist. In JOUR 121, students gain initial experience in preparing news stories. JOUR 123 is conducted like a newspaper laboratory. Students research and write stories, prioritize features, crop photographs, prepare copy for printing, and do layouts.

---

## Distinctive Features

Students enrolled in the Journalism program are directly involved in publishing the college paper, *The Examiner*. Thus they gain valuable practical experience while, at the same

time, affect public opinion on and off campus.

---

## Career Options

Advertising Copy Writer  
Biographer  
Correspondent  
Editor  
Educational/Technical Writer  
Fiction/Science Writer  
Journalist  
News Anchor  
Publicist  
Reporter  
(Some of these careers may require education beyond the two-year college level.)

---

## Certificate Program

Certificate not applicable.

---

## Associate Degree

An associate degree with a major in Journalism is not available. Journalism courses may be included as electives in the 18 units necessary for an associate degree with a major in Liberal Arts and Sciences. (See Graduation/Associate Degree Requirements.)

---

## Transfer

Students planning to continue studies at a four-year college or university after AVC should visit the Transfer Resource Center and consult with a counselor as soon as possible. Additional information on official transfer articulation agreements from AVC to many CSU/UC campuses can be found at the following Web site: [www.assist.org](http://www.assist.org)

## Prerequisite Completion

If a course is listed as a prerequisite for another course, that prerequisite course must be completed with a satisfactory grade in order to enroll in the next course. According to Title 5, Section 55200(d), a satisfactory grade is a grade of "A," "B," "C" or "P". Classes in which the Pass/No Pass option is available are indicated with an asterisk (\*) before the course title. See "Pass/No Pass Option" in the catalog for full explanation.
