

Honors TAP Option by Contract Instructor Proposal

INSTRUCTOR USE ONLY: By agreeing to offer an honors option to honors students, you agree to fulfill the high standards of the honors program and to sign all appropriate paperwork by the deadline in order for the student to get honors credit for your course. Your project must be approved by the honors coordinator/committee. The following criteria will help us to determine if the project meets honors option criteria and standards. Please be very detailed and specific in your responses. The form below will help you to design an appropriate proposal for consideration. Please fill out completely and with ample details. You only need to fill out this form once for a particular course.

Honors Option projects do not figure into the grade for the course, but they should be done to a high standard. If an instructor wants to grade the project, CREDIT or NOCREDIT should be used. Students need not be earning an "A" in a course to do an honors option; however, their work in general must be honors quality. Instructors reserve the right to deny the opportunity of an honors option to any student in any course.
