 There will be 3 prison classes on the fall schedule. If you have interest in teaching at the prison, talk to Dean Nate Dillon.

Intersession 2025 – More folks need to teach intersession, if we’re going to offer more courses.

## III. Action Items

Discussion of the potential to use R in the teaching of all Statistics classes.  
 Also discussion of adding College Algebra to Intersession.

50% rule – this was a discussion of the unwritten rule that says faculty must teach at

least 50% of their load in person. If the idea is to promote more faculty on campus, then we might want to go with that directly, rather than by requiring a certain modality.

Readiness test results – Mariko’ test revealed that most students could not pass the test at the beginning of the course.
