

26-27 Cert. Air Conditioning Specialist (ACR1)

ABOUT THIS MAJOR

Students who complete the associate degree have enhanced employability in the field of Air Conditioning. They are well prepared for entry level service positions with eventual leadership roles. Additionally, they have shown that they are capable of advanced training, and able to comprehend and apply complex theory. The associate degree will also provide students with a broad range of knowledge with which to evaluate and appreciate the diverse field of opportunity in the Heating Ventilation Air Conditioning, commonly known as HVAC, industry. The associate degree will also provide students with a broad range of knowledge with which to evaluate and appreciate the physical environment, the culture, and the society in which they live and with the ability to think and communicate clearly and effectively. For more information on Auto Body, visit the Aerospace, Industrial Arts and Applied Technologies (CTE) division.
