RE: Program #0578

Previous Accreditation Status: Probation
Most Recent Site Visit: 01/2023

Dear Dr. Zellet:

After review of the requested additional progress report, the continuing accreditation status of the associate degree radiography program sponsored by Antelope Valley College was considered at the May 19, 2025 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program now documents compliance with all relevant Standards; therefore, the JRCERT awards:

ACCREDITATION FOR A PERIOD OF FIVE YEARS.

Consistent with JRCERT Policy 10.100, this accreditation action is not subject to appeal.

The maximum duration that may be awarded by the Joint Review Committee on Education in Radiologic Technology in this category is eight years. The award is effective from the date of this letter.

The next site visit is tentatively scheduled for the First Quarter of 2028.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any onsite evaluation.

Jennifer Zellet, Ph.D.
