

ADDENDUM NO. 2

PROJECT: CONCESSION SERVICES

BID NO.: RFP No. AVC2016/2017-20

Notice to Bidders on the Above Project:

Please acknowledge the receipt of this addendum in your proposal submission. Failure to do so may subject the bidder to disqualification.

This addendum consists of: Q & As

Q-1. Can the college repair the ice machine in the basketball concession stand?

A-1. Currently, it is beyond repair.

Q-2. Can the college install 220V plugs necessary for additional equipment at all concession stands?

A-2. We can look at the feasibility.

Q-3. Since there are issues with their electrical at the basketball concession stand, would the college be able to make any additional changes to their electrical panel to accommodate. Specifically, the electrical system could not handle the current use of the microwave without shutting down the breakers.

A-3. We will look at the feasibility.

Q-4. Would the vendor be able to have a key so that we are able to gain access to the facilities?

A-4. Yes

Q-5. Is the water heater currently functioning at all concession stands?

A-5. Yes

Q-6. Will the college cover equipment repairs at all concession stands?

A-6. Yes - if it is owned by the college and reasonable wear and tear.

Q-7. Will the college pay for additional equipment (toasters, etc.) for all concession stands?

A-7. The college will not purchase product for outside vendors.

Q-8. Will it be possible to gain internet access at all concessions stands so that customer credit card transactions can be processed?

A-8. This will require consultation with our IT team to determine what is required - wifi is available at the Football Stadium currently. Feasibility would need to be determined for basketball and softball.

Q-9. Soft Ball concession stand is not part of the RFP, can we add it?

A-9. Yes

Q-10. Can the vendor be advertised on the college website when the concession stands are running?

A-10. Yes

All other terms and conditions remain the same.

Denise Anderson, Buyer
