

New Assessment Process for Spring and Summer 2019

Assessment Without Testing!

Students now have the opportunity to begin English and math courses at the college level. We can use your self-reported high school performance to ensure that you take the right English and math courses. Recent statewide research shows that your high school GPA is one of the strongest predictors of future performance in college course work.

For New, Continuing or Returning Students

If you either completed the 11th grade or graduated from a United States high school within the past 10 years, we can now use your high school performance to qualify you for college-level English and math courses.

NEW English Placement Using High School Information

If you are a new student, login to your myAVC account to complete the online orientation. Refer to your application confirmation e-mail with instructions about how to access your myAVC. Follow these steps to review your English placement after completing the online orientation:

1. Login to myAVC
2. Select the "Student Success" tab
3. Review your English Placement Message under "Matriculation"

If you are a returning student and have already completed the orientation but do not see your English placement message in myAVC, you may complete the online Directed Self-Placement for English. To do this visit <https://www.avc.edu/student-services/assess>. Once completed, you will receive an e-mail confirmation message with your English course placement. (Allow 1-2 business days to post to your student record.)

NEW Math Placement Using High School Information

The process to receive your math course placement will require that you complete the online Directed Self-Placement for Math. To do this visit <https://www.avc.edu/student-services/assess>. Once completed, you will receive an e-mail confirmation message with your Math course placement. (Allow 1-2 business days to post to your student record.)

Need Help?

Give us a call or come to the Assessment Center during our office hours and receive hands-on assistance. We have computers that you may use to complete the Orientation and/or Directed Self-Placements for English and Math.

For Students Where High School Performance Does Not Apply

- Graduated high school more than 10 years ago
- Did not graduate from a United States high school
- Special Admit Student
- Received a GED
- Left high school before completing 11th grade

If one of these apply, ***please see a counselor for further guidance.***

If you have any questions about your course placements, please see a counselor. Express Counseling is available as a walk-in service during regular hours of operation at the **Counseling Center** located in the Student Services Building. You may also reach Counseling by phone at **(661) 722-6300, ext. 6338**, or go online to <https://www.avc.edu/onlinecounseling> to chat with a counselor, if available.
