

# A.A. Chicana and Chicano Studies Degree 25-26

## ABOUT THIS MAJOR

The Associate in Arts provides interdisciplinary research methods, theories, and concepts in Chicana and Chicano Studies to understand and interpret the experiences, communities, and histories of Mexican Americans and U.S. Latinas, Latinos, and Latine. Mexican-Americans are the second largest minority group in the United States and have contributed to three hundred years of historical development of the American Southwest and the United States. The Chicana and Chicano Studies Program at Antelope Valley College investigates the life of these people throughout the nation to prepare students with an ability to examine multiple sources and data to think critically, analytically, and creatively about the Chicana and Chicano experience as well as build skills in communicating with diverse audiences. This degree equips students to enter a multi-ethnic workforce and more effectively work toward social justice. Students who earn this degree will be well prepared for careers in non-profit organizations, education, social work, human services, health care, law and/ or policy, planning and development. This degree can also serve as the basis for further undergraduate education in Chicano Studies and similar fields. For more information, visit the [Social and Behavioral Sciences](#) division.
