

Division/Area Name: Kinesiology and A	ivision/Area Name: Kinesiology and Athletics/Kinesiology/Athletic Training - ATH For Years: 2021-2022			
Name of person leading this review:	Dr. Glenn Haller			
Names of all participants in this review:				
<u> </u>				

Part 1. Program Overview:

1.1.Briefly describe how the program contributes to the district mission

The Department has two primary goals completely in line with the mission. The first is providing a service program designed to accommodate all students through physical activity courses, health education courses and intercollegiate athletics. Our second primary goal is to provide a program of professional preparation courses for those students who are majoring in kinesiology, in order to earn an associate degree in kinesiology, or to transfer to a university program in physical education, kinesiology, exercise science, health education, recreation and leisure studies, or other related programs, including athletic training.

1.2. State briefly program highlights and accomplishments

None – in fact since there are no instructors to teach, there have been no classes in 2020-21.

1.3. Check each <u>Institution</u>	nal Learning Outcome (ILO) supported by the program. Type an "X" if checkbox is unavailable.	
X Communication	\Box Demonstrates analytical reading and writing skills including research, quantitative and qualitative evaluation and synthesis.	
	X Demonstrates listening and speaking skills that result in focused and coherent communications	
X Creative, Critical, and	X Uses intellectual curiosity, judgment and analytical decision-making in the acquisition, integration and application	
Analytical Thinking	of knowledge and skills.	
	X Solves problems utilizing technology, quantitative and qualitative information and mathematical concepts.	
x Community/Global	X Understands and applies personal concepts of integrity, ethics, self-esteem, lifelong learning, while contributing to	
Consciousness	the well- being of society and the environment.	

X Career and Specialized X Demonstrates knowledge, skills and abilities related to student educational goals, including career, transfer and personal enrichment. 1.4. Check each Educational Master Plan (EMP)/Strategic Plan Goal supported by the program. Type an "X" if checkbox is unavailable. Goal 1*: Commitment to strengthening institutional effectiveness measures and practices. X Goal 2*: Increase efficient and effective use of resources: Technology; Facilities; Human Resources; Business Services. Goal 3: Focus on utilizing proven instructional strategies that will foster transferable intellectual skills. Goal 4*: Advance more students to college-level coursework-Develop and implement effective placement tools. X Goal 5: Align instructional programs to the skills identified by the labor market. Indicates College-Wide Priorities for 2019-2020 Part 2.A. Please provide the results of any internal and external environmental scan information you have gathered related to the program e.g. surveys, interviews, focus groups, advisory groups, licensure exam scores, job placement, State mandates, etc.: Student anecdotal – The need for better facilities		•	
X Career and Specialized Knowledge			Demonstrates an awareness and respect of the values of diversity, complexity, aesthetics and varied cultural
### Action Personal enrichment. 1.4. Check each Educational Master Plan (EMP)/Strategic Plan Goal supported by the program. Type an "X" if checkbox is unavailable. Goal 1*: Commitment to strengthening institutional effectiveness measures and practices. X Goal 2*: Increase efficient and effective use of resources: Technology; Facilities; Human Resources; Business Services. Goal 3*: Focus on utilizing proven instructional strategies that will foster transferable intellectual skills. Goal 4*: Advance more students to college-level coursework-Develop and implement effective placement tools. X Goal 5: Align instructional programs to the skills identified by the labor market. Indicates College-Wide Priorities for 2019-2020		e	xpressions.
enrichment. 1.4. Check each Educational Master Plan (EMP)/Strateaic Plan Goal supported by the program. Type on "X" if checkbox is unavailable. Goal 1*: Commitment to strengthening institutional effectiveness measures and practices. X Goal 2*: Increase efficient and effective use of resources: Technology; Facilities; Human Resources; Business Services. Goal 3: Focus on utilizing proven instructional strategies that will foster transferable intellectual skills. Goal 4*: Advance more students to college-level coursework-Develop and implement effective placement tools. X Goal 5: Align instructional programs to the skills identified by the labor market. Planticates College-Wide Priorities for 2019-2020 Part 2.A. Please provide the results of any internal and external environmental scan information you have gathered related to the program e.g. surveys, interviews, focus groups, advisory groups, licensure exam scores, job placement, State mandates, etc.: Student anecdotal — The need for better facilities Part 2.B. Analyze the program review data (please see the program review data retrieval instructions and attach your program review data page with any observable supporting documents), the above environmental scan information, and anything else related to your area to identify the program strengths, weaknesses, opportunities, & threats (SWOT): Strengths None—In fact, the ATH classes have been removed from the schedule with the Division in process of eliminating the disciple weaknesses No instructors. Discipline classes not applicable to any degree programs nor to advancement to higher degrees or job opportunities. Poportunities None—In fact, the ATH classes have been removed from the schedule with the Division in process of eliminating the disciple Threats Four-year degree programs in discipline at local institutions. Part 2.C. Review and comment on progress towards StO/PLO/OO Action Plans: Not kept/recorded due to no instructors to do them and no classes being taught. Part 2.D. Review and comment	X Career and S	pecialized X	Demonstrates knowledge, skills and abilities related to student educational goals, including career, transfer and

Part 1. Program Overview:

1.1.Briefly describe how the program contributes to the district mission

Our health education courses contribute to a quality, comprehensive education to a diverse population of learners. The Department has two primary goals completely in line with the mission. The first is providing a service program designed to accommodate all students through physical activity courses, health education courses and intercollegiate athletics. Our health education classes allow our students to describe and understand common causes and preventative measures for cardiovascular disease, cancer and infectious disease, as well as analyze the role that risk reduction plays in protecting and improving health.

1.2. State briefly program highlights and accomplishments

Distance education courses have been expanded with the offering of more online sections, which are all currently offered as 8-week courses. HE 120 and HE 201 are the most recent classes to be taught online this fall, 2020. The number of online sections offered, the enrollment in online sections and enrollment in health education courses at the Palmdale campus are at the highest level ever.

sections and emoliment in	nearth education courses at the Palmdale Campus are at the highest level ever.			
1.3. Check each <u>Institution</u>	1.3. Check each Institutional Learning Outcome (ILO) supported by the program. Type an "X" if checkbox is unavailable.			
X Communication	X Demonstrates analytical reading and writing skills including research, quantitative and qualitative evaluation and			
	synthesis.			
	X Demonstrates listening and speaking skills that result in focused and coherent communications			
X Creative, Critical, and	X Uses intellectual curiosity, judgment and analytical decision-making in the acquisition, integration and application			
Analytical Thinking	of			
	knowledge and skills.			
	☐ Solves problems utilizing technology, quantitative and qualitative information and mathematical concepts.			
X Community/Global	X Understands and applies personal concepts of integrity, ethics, self-esteem, lifelong learning, while contributing to			
Consciousness	the well-			
	being of society and the environment.			

	X Demonstrates an awareness and respect of the values of diversity, complexity, aesthetics and varied cultural		
	expressions.		
X Career and Specialized	X Demonstrates knowledge, skills and abilities related to student educational goals, including career, transfer and		
Knowledge	personal		
	enrichment.		
1.4. Check each Educationa	Il Master Plan (EMP)/Strategic Plan Goal supported by the program. Type an "X" if checkbox is unavailable.		
Goal 1*: Commitn	nent to strengthening institutional effectiveness measures and practices.		
Goal 2*: Increase 6	efficient and effective use of resources: Technology; Facilities; Human Resources; Business Services.		
X Goal 3: Focus on utilizing proven instructional strategies that will foster transferable intellectual skills.			
X Goal 4*: Advance	more students to college-level coursework-Develop and implement effective placement tools.		
Goal 5: Align instru	ctional programs to the skills identified by the labor market.		

^{*}Indicates College-Wide Priorities for 2019-2020

Part 2.A. Please provide the results of any internal and external environmental scan information you have gathered related to the program e.g. surveys, interviews, focus groups, advisory groups, licensure exam scores, job placement, State mandates, etc.:

Anecdotal student input – students have expressed the need for classrooms just for health education courses.

Part 2.B. Analyze the <u>program review data</u> (please see the program review data retrieval instructions and attach your program review data page with any other supporting documents), the above environmental scan information, and anything else related to your area to identify the program strengths, weaknesses, opportunities, & threats (SWOT):

Strengths	Transitioning from 16 to 8-week health education distance education courses which have shown to have increased enrollment.
	And as of now, all HE courses are offered online.
Weaknesses	Not offering more diverse health education courses and not having dedicated classrooms for our health educations courses.
Opportunities	To offer a wider variety of health education courses. Also, encouraging instructors to go through the OEI approval process and to
	seek more and better open educational resources.
Threats	If we do not offer a wider variety of health education courses, this potentially decreases opportunities for students, and they
	may have to attend other colleges to take those classes.

Part 2.C. Review and comment on progress towards SLO/PLO/OO Action Plans:

Currently the data shows that we have met SLO standards for our health education courses. As a department, we would like to increase the achievement target to 85-90%.

Part 2.D. Review and comment on progress towards past program review goals:

Goal 1 – We continue to communicate our need for dedicated classrooms through our action plans. Faculty are encouraged to collaborate and share resources used for their individual courses but have yet to put them in a designated health education sandbox Canvas shell.

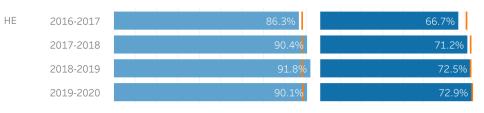

Goal 2 – We have succeeded in moving all health education courses to be offered as distance education courses.

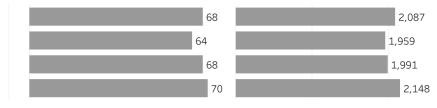

Program/Area Goal #	Goal supports which ILO/PLO/SLO/OO?	Description of Goal	Steps to be taken to achieve goal?
To better student success, provide a quality learning environment.	Action plans for HE 100 (SLO 2) and HE 101 (1-4) each cite the need for classrooms equipped for the specific necessities of those classes.	To serve our students better by providing a quality learning environment. We are looking for dedicated classrooms with the proper technology to effectively meet our health education students' needs. We would also like to have a Canvas resource shell for our health education instructors to use for their individual courses.	1.Communicate our need for dedicated classrooms as shown through our action plans. 2.Encourage faculty to collabora and share their resources for thindividual courses and put them a designated health education sandbox Canvas shell. 3. Have faculty explore possibilities for expanding healt course offerings, including addicourses of other disciplines into HE discipline.

Part 1. Program Overview:

1.1.Briefly describe how the program contributes to the district mission

The Department has two primary goals completely in line with the mission. The first is providing a service program designed to accommodate all students through physical activity courses, health education courses and intercollegiate athletics. Our second primary goal is to provide a program of professional preparation courses for those students who are majoring in kinesiology, in order to earn an associate degree in kinesiology, or to transfer to a university program in physical education, kinesiology, exercise science, health education, recreation and leisure studies, or other related programs.

Our classes serve a diverse student population, enrolling students from high school age to active senior citizens. Our primary focus in activity classes is to create an environment where our students learn to value regular physical activity and exercise as a method to achieve life long physical fitness. Our classes provide activities that allow our students to demonstrate increased cardio-respiratory endurance, strength, balance, coordination and flexibility. Our activity classes also allow our students the opportunity to demonstrate the ability to function positively in group settings. By achieving this our students develop self-awareness, have the opportunity to learn to value and apply lifelong learning skills required for employment, transfer education and personal development.

Lastly our intercollegiate athletics classes allow AVC to partner with the community in the true spirit of the mission of the college. Our athletics program seeks to promote and generate community interest in the department programs and student athletes through activities and events which allows community participation. Our student athletes demonstrate the value of teamwork to achieving team goals.

1.2. State briefly program highlights and accomplishments

The Department has developed, had approved and has begun giving and AA-T degree in Kinesiology and a Certificate of Achievement in Yoga Trainer. Additionally, graduates with the AA-T degree have increased every year since its implementation.

1.3. Check each <u>Institutional Learning Outcome</u> (ILO) supported by the program. Type an "X" if checkbox is unavailable.

x Goal 5: Align instr	uctional programs to the skills identified by the labor market.					

^{*}Indicates College-Wide Priorities for 2019-2020

Part 2.A. Please provide the results of any internal and external environmental scan information you have gathered related to the program e.g. surveys, interviews, focus groups, advisory groups, licensure exam scores, job placement, State mandates, etc.:

Student surveys along with Community Advisory Committees consistently bear out need for more and varied local certificate and degree programs

Strong community voice asking for more and different kinds of Adapted PE.

Part 2.B. Analyze the <u>program review data</u> (please see the program review data retrieval instructions and attach your program review data page with any other supporting documents), the above environmental scan information, and anything else related to your area to identify the program strengths, weaknesses, opportunities, & threats (SWOT):

Strengths	Strong growth in Kinesiology transfer degree; Yoga training; Strong success and retention rates - higher than AVC's
Weaknesses	Lack of local degree programs and modern facilities
Opportunities	Community want for new and various opportunities; Entering into a building phase on campus.
Threats	Nearby colleges with more offerings and much better facilities, especially Canyons

Part 2.C. Review and comment on progress towards SLO/PLO/OO Action Plans:

Action plans are being discussed and submitted to the department chair for nearly 75 percent of the courses. The department chair and department is pushing for that mark to be at least 90 percent in September of 2021.

Part 2.D. Review and comment on progress towards past program review goals:

In the years since our comprehensive program review, nothing has changed with regard to progress on the goals. For some we are still pushing forward. For most, we are in a holding pattern. While the offerings in KIN have been expanded, this is really a misnomer since it was the addition of intermediate and advanced classes of certain overlay courses. The Adapted PE increases has been put on hold if not ended due to the current disease problems in society as well as the budget situation. New faculty has been fought for in every level for the last five years, and there is a huge resistance from the other faculty areas. There have been gains, usually provided by the President out of necessity, but they are more plugging in coaching holes rather than expanding the non-coaching faculty.

Program/Area Goal #	Goal supports which	Description of Goal	Steps to be taken to achieve
	ILO/PLO/SLO/OO?		goal?
#1 Increase KIN program offerings	Over 60 percent of classes have action plans which call for the need for more certificate and major offerings. Additionally, student surveys consistently bear this out need, along with Community Advisory Committees	Serve our Kinesiology students better by providing more and more varied activity courses and degree and certificate programs.	 Have faculty continue working on various local degree and certificate programs, as well as the accompanying curriculum. . Determine any new courses that can be offered. Determine if any "retired" courses could now be taught again.
			Increase personnel as necessary.
# 2 Increase Adapted PE Curriculum	The SLO for KINF 100 speaks to this, as well as a strong community voice asking for more and different kinds of Adapted PE.	Serve our Adapted PE students and community better by providing specialized instructors, increasing types of classes offered and creating dedicated facilities for these classes.	1. Have faculty create curriculum to better serve the community by going from one "catch-all" class to a full set of curriculum so the adapted students can have specialized classes to better their physical education in consideration

			2.	with their various needs and requirements. Work with Division Dean and Administration to have built a dedicated Adapted PE facility including pool and other dedicated classrooms which contain proper and necessary materials and technologies.
#3 Increase sub-discipline diversity in faculty	Action plans for KINF 100 and 144 as well as KINT 102, 103, 240, 241, 242, and 243 each cite the need for non-coaching instructors in the various disciplines.	Serve our Kinesiology students better by providing specialized instructors, dedicated only to their discipline. Over the last five years there have been four retirements and there is one more which have announced their retirement in 2021. This will leave only one full-time non-head coach Kinesiology instructor, who also has nearly a full load in outside classroom duties.	1.	Work with Dean, Administration and other Department Chairs to hire new full-time, non-coaches for the department, especially for the Yoga training and Adapted PE disciplines.

^{*}Indicates College-Wide Priorities for 2019-2020

Part 2.A. Please provide the results of any internal and external environmental scan information you have gathered related to the program e.g. surveys, interviews, focus groups, advisory groups, licensure exam scores, job placement, State mandates, etc.:

Community Advisory Committee formed and preliminarily voted to move forward.

Part 2.B. Analyze the <u>program review data</u> (please see the program review data retrieval instructions and attach your program review data page with any other supporting documents), the above environmental scan information, and anything else related to your area to identify the program strengths, weaknesses, opportunities, & threats (SWOT):

Strengths	Recreation and Leisure Studies is a major at several CSU schools – including Northridge – and is one of the largest grow							
	industries. According to 2014-2024 Occupational Employment Projections, jobs in this industry are to grow by between 12 and							
	23 percent by 2024.							
Weaknesses	No major or certificate program in place currently							
Opportunities	Creation of certificate and degree program currently progressing, including community advisory committee assent. Move to							
	online for many classes ongoing, including one being designed to meet OEI standards.							
Threats	Most local community colleges, including Canyons, has a degree program in place							

Part 2.C. Review and comment on progress towards SLO/PLO/OO Action Plans:

Action plans from SLO 1 of REC 101 and SLO 2 of REC 102 are to promote Recreation and Leisure Studies as a major and certificate program. As indicated above in opportunities, this is moving forward.

Part 2.D. Review and comment on progress towards past program review goals:

Goals from the last two program reviews is to promote Recreation and Leisure Studies as a major and certificate program. As indicated above in opportunities, this is moving forward.

Program/Area Goal #	Goal supports which ILO/PLO/SLO/OO?	Description of Goal	Steps to be taken to achieve goal?
Improve student learning in the discipline by creating certificate and degree programs.	SLO 1 of REC 101 and SLO 2 of REC 102	Create a Recreation and Leisure Studies and certificate program.	 a. Finalize degree and certificate requirements. b. Gain approval of Advisory Committee. c. Finish the steps necessary to gain approval.
Allow for more student accessibility to discipline by creating an online presence	SLO 2 of REC 101	Create on online presence, including embracing OEI and OER.	 a. Have all REC courses approved for online. b. Attempt to create an OEI approved class. c. Work to to move curriculum to give the ability to use OER
