

ANTELOPE  
VALLEY  
COLLEGE

Health and Safety Sciences

Enrollment packets will be accepted  
from January 9 to January 23, 2023.

Only complete enrollment packets will  
be considered.

## Verification of Prerequisites for Enrollment in the Radiologic Technology Program

Prerequisites for the radiologic technology program are: Completion of BIOL 101 (General Biology – 4 units), BIOL 201 (General Human Anatomy – 4 units), BIOL 202 (General Human Physiology – 4 units) CHEM 101 (Introductory Chemistry – 5 units), MATH 102 or higher and ENGL 101 (Academic Composition - 3 units) at Antelope Valley College or the equivalent at another accredited college. All science courses require a lab. Students are also required to meet the following prerequisites: minimum GPA of 2.0 for all college courses taken; minimum GPA of 2.0 for BIOL 101, BIOL 201, BIOL 202, CHEM 101, English 101, and Math 102 or higher

All students wanting to enroll in the radiologic technology program should follow these instructions.

1. Complete the form attached to these instructions.
2. Attach official college transcripts (including Antelope Valley College) that show completion of the prerequisite courses. One set of college transcripts from other institutions must also be on file in the Admissions and Records Office. "Official" college transcripts must be submitted in sealed envelopes that have not been opened by the student.
3. Attach a copy of the Educational Planning and Evaluation Form completed by an AVC counselor. Call 661-722-6300, extension 6338, to schedule an appointment. The form should be completed no more than one semester prior to submitting the enrollment packet.
4. Submit items 1-3 to the Health and Safety Sciences Division between January 9<sup>th</sup> and January 23<sup>rd</sup>, 2023. Packets received before January 9 or after January 23 will not be considered.

**Incomplete enrollment packets will not be considered. Students will not be notified that their enrollment packet is incomplete and will have their packet sent back to them once initial screening takes place. Initial screening of enrollment packets will be conducted after the application period closes (1/23/23). Please ensure you follow steps 1 through 4 before you turn in your packet. It is the student's responsibility to ensure their enrollment packet is being turned in, in its entirety and includes all required documentation.**

**Only official paper documents are accepted. Faxed or electronic documents are not official and are not accepted.**

- All students who submit complete enrollment packets for the radiologic technology program between January 9, 2023 and January 23, 2023, will be considered for admission. Admission for the summer 2023 semester will be based on a multi-screening point system. Once applications have been screened, a temporary waitlist will go into effect until the start of the program. After the program begins, the wait list will be void. The number of students enrolled into the program is limited by the availability of faculty and clinical agencies.
- Students will be notified by email/mail of acceptance or non-acceptance.
- It is the student's responsibility to keep the Health and Safety Sciences Division office informed of any changes in address, telephone number and/or email address. Please call 661-722-6300, extension 6402, to do this.
- We will make only one attempt to notify students of acceptance by email/mail. If this contact is not successful, it will be assumed that the student is no longer interested in being admitted to the radiologic technology program. There will be no exceptions to this rule
- Incomplete enrollment packets that are missing any of the items listed in sections 1-3, will not be considered and your packet will be sent back to you. There will be no exceptions to this rule.

Antelope Valley College prohibits discrimination and harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation. Upon request, we will consider reasonable accommodation to permit individuals with protected disabilities to (a) complete the employment or admission process, (b) perform essential job functions, (c) enjoy benefits and privileges of similarly-situated individuals without disabilities, and (d) participate in instruction, programs, services, activities, or events.
