

ANTELOPE  
VALLEY  
COLLEGE

Health and Safety Sciences

Enrollment packets will be accepted  
from January 6 – January 20, 2025.

Only complete enrollment packets will  
be considered.

## Verification of Prerequisites for Enrollment in the Radiologic Technology Program

Prerequisites for the radiologic technology program are: Completion of BIOL 101 (General Biology – 4 units), BIOL 201 (General Human Anatomy – 4 units), BIOL 202 (General Human Physiology – 4 units) CHEM 101 (Introductory Chemistry – 5 units), MATH 115 and ENGL 101 (Academic Composition - 3 units) at Antelope Valley College or the equivalent at another accredited college. All science courses require a lab. Students are also required to meet the following prerequisites: minimum GPA of 2.0 for all college courses taken; minimum GPA of 2.0 for BIOL 101, BIOL 201, BIOL 202, CHEM 101, English 101, and Math 115.

All students wanting to enroll in the radiologic technology program should follow these instructions.

1. Complete the form attached to these instructions.
2. Attach official college transcripts (including Antelope Valley College) that show completion of the prerequisite courses. One set of college transcripts from other institutions must also be on file in the Admissions and Records Office. "Official" college transcripts must be submitted in sealed original envelopes.
3. **Attach a copy of the Educational Plan completed by one of the listed AVC Counselors assigned to the Health & Safety Sciences Division.**

Appointments can be made by email at [counseling@avc.edu](mailto:counseling@avc.edu) or by calling 661-722-6300, extension 6338, to schedule an appointment.

The form should be completed no more than one semester prior to submitting the enrollment packet. **If you are requesting an equivalency or substitution, allow at least six weeks for the process to be completed.** All students must see an AVC counselor before they submit an enrollment packet. Counselors complete Educational Planning and Evaluation Forms by appointment only.

**Please note, counseling WILL NOT schedule students for an educational planning and evaluation of transcripts two weeks from the application deadline. Please do not wait until the last minute to schedule this appointment if you are trying to apply by the deadline.**

4. Submit items 1-3 to the Health and Safety Sciences Division between January 6<sup>th</sup> and January 20<sup>th</sup>, 2025. Packets received before January 6 or after January 20 will not be considered.

**Incomplete enrollment packets will not be considered. Students will not be notified that their enrollment packet is incomplete and will have their packet sent back to them once initial screening takes place. Initial screening of enrollment packets will be conducted after the application period closes (1/20/25). Please ensure you follow steps 1 through 4 before you turn in your packet. It is the student's responsibility to ensure**

**their enrollment packet is being turned in, in its entirety and includes all required documentation.**

**Only official paper documents are accepted. Faxed or electronic documents are not official and are not accepted.**

- All students who submit complete enrollment packets for the radiologic technology program between January 6, 2025 and January 20, 2025, will be considered for admission. Admission for the summer 2025 semester will be based on a multi-screening point system. Once applications have been screened, a temporary waitlist will go into effect until the start of the program. After the program begins, the wait list will be void. The number of students enrolled into the program is limited by the availability of faculty and clinical agencies.
- Students will be notified by email/mail of acceptance or non-acceptance.
- It is the student's responsibility to keep the Health and Safety Sciences Division office informed of any changes in address, telephone number and/or email address. Please call 661-722-6300, extension 6402, to do this.
- We will make only one attempt to notify students of acceptance by email/mail. If this contact is not successful, it will be assumed that the student is no longer interested in being admitted to the radiologic technology program. There will be no exceptions to this rule
- Incomplete enrollment packets that are missing any of the items listed in sections 1-3, will not be considered and your packet will be sent back to you. There will be no exceptions to this rule.

Applications will be active for a two year (24 month period) beginning on the date the application is turned in. Should any student not be admitted with that 24 month period, their application will automatically be removed from the applicant list. If the student is interested in keeping their application active, they will be required to reapply to the program.

Antelope Valley College prohibits discrimination and harassment based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, or sexual orientation. Upon request, we will consider reasonable accommodation to permit individuals with protected disabilities to (a) complete the employment or admission process, (b) perform essential job functions, (c) enjoy benefits and privileges of similarly-situated individuals without disabilities, and (d) participate in instruction, programs, services, activities, or events.

\_\_\_\_\_ I have completed \_\_\_\_\_ units of Academic Composition at \_\_\_\_\_.  
(Name of college if not AVC)

\_\_\_\_\_ I have met with an Antelope Valley College counselor for completion of an Educational Planning and Evaluation Form (must be completed within one semester of submitting enrollment packet).

**ENROLLMENT PACKETS WILL BE ACCEPTED FROM  
JANUARY 6 THROUGH JANUARY 20, 2025**

**I understand that this form is a request for review of prerequisites for the radiologic technology program and that priority for admission will be by a multi-screening point system. Final enrollment in the radiologic technology program depends upon completion of all institutional and departmental prerequisites. I understand that it is my responsibility to notify the Health and Safety Sciences Division office of any change of address, telephone number or email. I understand that if I am admitted to the radiologic technology program, I will be required to have a physical examination, including a drug/alcohol screening, and background screen before registering for radiologic technology courses, and the results of the physical examination and background screen may affect admission to the program. Acceptance and denial of program admission will be conducted through email.**
