RE: Program #0578 RHB School ID #1048
Previous Accreditation Status: 5 Years
Most Recent Site Visit: 08/13

Dear President Knudson:

After review of the requested progress report, the continuing accreditation status of the associate degree radiography program sponsored by Antelope Valley College was considered at the November 21, 2014 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2014)**. The JRCERT took the following action:

EXTENSION OF ACCREDITATION FOR A PERIOD OF THREE YEARS.

This extension equates to an award of eight years of accreditation effective from the date of the last site visit.

An interim report will be required. The projected date for submission of the interim report is the Third Quarter of 2017. The JRCERT will provide program officials adequate notice of the due date for submission of the interim report. Based on the interim report, the JRCERT will determine if the accreditation award of eight years will be maintained or reduced and the continuing accreditation process expedited.

Based on this extension, the next site visit is tentatively scheduled for the Third Quarter of 2021.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

The Joint Review Committee on Education in Radiologic Technology Directors and staff congratulate you and the program faculty for achieving the maximum award of accreditation from the JRCERT and wish you continuing success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Debra J. Poelhuis, M.S., R.T.(R)(M)
Chair

RE: Program #0578

Dear Mr. Desch:

The radiography program sponsored by Antelope Valley College is scheduled for reevaluation. As you are aware, the JRCERT is developing new accreditation Standards which will become effective January 1, 2021. In conjunction with the new Standards, the accreditation management system is being updated. To provide programs a more seamless transition to the new Standards, the JRCERT is granting a one year extension for submission of the Self-Study Report. Typically, a fee is associated with this type of extension; however, the JRCERT is waiving this fee.

Please be advised that this extension does not affect the program's current accreditation status.

Self-Study Report due: **February 3, 2022**

Proposed site visit date: **August 2022**

Thank you for your continued support of programmatic accreditation. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Ms. Leslie F. Winter, M.S., R.T.(R)
Chief Executive Officer
