## National Sexual Violence Resource

Trained live scanned monitors ensuring safe exchanges of children between parents with or without a court order.

## About us

### What are Safe Child Custody Exchanges?

Children whose parents are separated or divorced sometimes suffer the trauma of seeing their parents verbally or physically confronting one another during pick-ups or drop-offs for child visitation. The Safe Child Custody Exchange Program provides parents and their children a safe place where custody exchanges can be conducted peacefully. This program will help these children to not be afraid of or traumatized by the custody exchange process.

### How Does this Program Work?

Safe child custody exchanges are conducted in a certain area within the Lancaster Sheriff's Station.

Parents are required to drop off and pick up their children at different times so that there is no contact between the adults. All exchanges are facilitated by trained staff and volunteers from Grace Resource Center.

### Who Qualifies for these Services?

All separated or divorced parents, with or without a child visitation court order, are eligible to apply for and use the services provided by this program.

### How much will it Cost?

The services are free of charge.

Exchange services are available according to monitor availability. Please call for details.

Lancaster Sheriff's Station  
501 West Lancaster Blvd  
Lancaster, CA 93534
