Items	Person	Action
I. Degrees for student athletes in Kinesiology	Glenn Haller	<ul style="list-style-type: none"> • See Appendix A- AA in Kinesiology for transfer. Instructors would be hired to allow classes like Anatomy and Physiology to be available to KIN students. • It shows changes that can be made to schedule to get our athletes in and out in 2 years at a reasonable schedule. • This would be schedule that would guarantee those classes if declared in this KIN major that want to quickly transfer.
II. PLO Action Plan	Glenn Haller	<ul style="list-style-type: none"> • We are failing to meet students' needs as a department. See Appendix B for current PLO changes. • Request for changes that might be possible to PLO structure; nothing to add at this time.
III. Local Degree	Glenn Haller	<ul style="list-style-type: none"> • All 4 of our classes, for the yoga program, are approved by the Board and submitted to the chancellor's office. If the program is not approved we should still be able to teach the classes. • Suggested to use KIN as the major and choose a letter to associate the specific degree. See Appendix C.
IV. Blended Classes	Glenn Haller	<ul style="list-style-type: none"> • Waiting to vote on whether to continue with the option. • Will continue with discussion in February 2016.
V. Certificates	Glenn Haller	<ul style="list-style-type: none"> • We would like to get all the certificates in process. We want to structure the new classes to correspond upon approval. • Problem with this is that we need to complete surveys in the community that would show the need for students to graduate with these certificates.
