Admission to the Bachelor of Science Respiratory Therapy Program (BSRT) will be by special application (on next page).

All students wanting to enroll in the Bachelor of Science Respiratory Therapy Program (BSRT) should follow these instructions. A new cohort is admitted once a year in the fall semester.

- Complete a minimum of 30 CSU GE Breadth or IGETC (CSU or UC) lower division units from a regionally accredited program (or equivalent) associate degree coursework **and**

Students should complete all prerequisites by the end of the spring term, the year of enrollment intent. The program is limited to 30 students per year. For the remaining spaces, if more applications are received than spaces are allowed, admission will be determined by the multi-screening criteria and priorities 1 & 2 as listed above. A waiting list of 10 students will be formed for the current enrollment period. The multi-screening criteria may be found under Program Forms and Documents at [www.avc.edu/program/bsrt](http://www.avc.edu/program/bsrt).

Submission of an application for enrollment form does not guarantee a student's admission to the program.

If you have Advance Placement (AP) credits, an official transcript must also be included.
