CSU-Long Beach  
offer the

## Engineering Degree Pathway

In the fields of aerospace, construction,  
wireless communication,  
environmental conservation, medicine  
and everything in between,  
engineers affect human lives  
more than any other profession.

Engineering careers are abundant and  
pay very well with good job security and benefits.

**ANTELOPE VALLEY COLLEGE**

Funded by the US Dept. of Education, Title V—  
Hispanic Serving Institutions—STEM Articulation Program,  
a collaboration between AVC-CSULB and Cerro Coso College.

Christos Valiotis, Project Director,  
(661) 722-6300, ext. 6024

Antelope Valley College has partnered with California State University,  
Long Beach to offer a bachelor's degree pathway in electrical and  
mechanical engineering in the Antelope Valley.

Come and meet with faculty and advisors who will answer your questions  
and guide you in developing your study plan.

**Tuesday, September 11, 2012 • 5:30–7 p.m.**  
**Student Services Building • SSV 151**

*Light appetizers and refreshments will be available.*

CSULB's Antelope Valley campus offers local bachelor's degrees  
in electrical and mechanical engineering: A cohort-based program  
admitting 25 students in each major every fall.

**Guaranteed graduation in 2.5 years after transfer.**

**ANTELOPE VALLEY COLLEGE • 3041 WEST AVENUE K • LANCASTER, CA 93536-5426 • (661) 722-6300, ext. 6024 • E-mail: [hsistemcoop@gmail.com](mailto:hsistemcoop@gmail.com)**

Upon request three business days before the event, reasonable accommodation will be provided to facilitate the participation of covered individuals with disabilities. Call (661) 722-6360 (voice/relay).
