SSB BUDGET TRANSFER APPROVAL OVERVIEW

Introduction

Before completing a requisition, the requestor should ensure sufficient budget is in place. Completing a requisition with a deficient budget will only delay processing. If budget is insufficient the requestor should review their total organizational budget to find sufficient funding. Departments may use Self Service Banner (“SSB”) to transfer the placement of their existing budget within an organization code. Upon selecting the complete button, the budget transfer request is sent to an approval queue consisting of the dean &/or director and an accounting department representative. It is recommended to stay within major account codes (example 5300 to 5100).

Please note the necessity of a funds transfer is based on the value for the total budget pool. Refer to the SSB Budget Query Training Manual for SSB access, chart of accounts, pooled budgeting and budget query instructions.
