She also requested members to work to resolve the issues surrounding the deactivation impact list. The courses and programs due in fall are listed on the addendum. Faculty should be revising their courses and programs now to ensure they are approved before the end of the fall semester. Dr. Wiewall thanked the committee members who have already volunteered to hold a curricunet workshop. There are 3 members though who have not volunteered and it would be great if everyone participated. The list of workshops was email to all committee members, please share with the faculty in your area. Dr. Wiewall informed the committee members that the C&CS course Career as an Administrative Medical Assistant would not be returning to a future agenda for further consideration. Dr. Wiewall announced the issue with the IGETC Certificate of Achievement Unit value. The counselling department has requested that the committee revise the certificate to reduce the units to 37, as students are able to complete all the requirements in fewer units. Dr. Wiewall indicated that this item will return to the next agenda as an action item. Action Taken: A motion was made and seconded to add an item to the agenda, IGETC Certificate of Achievement Unit Issue. Motion carried. Follow Up Items: None.

Action Taken:

A motion was made and seconded to amend the agenda to include an action item for DE Definitions. Motion carried by all members present.

A motion was made and seconded to approve the three noted Corporate and Community Services courses. Dean Cathy Hart was present to answer questions regarding the courses and provide a background on each. After a review, not edits were requested. Motion carried by all members present.

A motion was made and seconded to table the instruction material fee list. Motion carried by all members present.

A motion was made and seconded to approve the DE definitions. Dr. Wiewall requested committee members to review the white paper document written by Dr. Ed Beyer and consider the recommendations for revision sent by the Academic Senate. After much discussion and concern with the language noted in the document, committee members agreed to make minor adjustments to the Hybrid, Blended and Remote Classroom definitions which address the concerns sent by the Academic Senate. The committee members felt delineating the percent online for each area was unnecessary and defeats the original purpose of simplifying the process, while providing better communication to the students. Committee members also agreed that the original intent was no curriculum instruction would occur at the meetings required for hybrid, however blended courses allow instruction

	to occur face-to-face. Committee members also requested that the schedule of classes list the section numbers with the different versions of distance education: OL# for online, HY# for hybrid, BL# for blended, and RC# for remote classroom offerings. The following changes were agreed upon by all members present: • Hybrid: change the word "majority" to "all" • Blended: add language to the end of the first sentence, ",where no less than 51% of instruction occurs online." • Remote Classroom: add a second sentence, "Students will be required to meet at designated sites." Remove 4a and 4b. Dr. Scott Lee and Tamera Palmetto both agreed that the edits discussed meet the recommendations from the Academic Senate. Motion carried with revisions. Follow Up Items: None.
NEXT MEETING DATE: 5/10/18	A motion was made and seconded to adjourn the 4/26/2018 AP&P meeting at 4:10p. Dr. Wiewall expressed her thanks for every ones time at the meeting. Motion carried.
