a. Prerequisite Challenge Process

b. Inventory of Approved Programs – The non-substantial change (NSC) requests for the below referenced unique codes, have been processed by the Chancellor's Office and the updates are reflected in the credit Inventory of Approved Programs for Antelope Valley College.

5. REPORTS

a. Upper Division Units – Dr. Lee Grishman

Dr. Lee Grishman was asked to research the practices of other community colleges when considering upper division units in granting a degree. He received 45 responses, 36% did not allow the use of upper division units for any purpose, 9% allowed the use of upper division units for any and all purposes, and 55% required a student to petition identifying the desired specific usage of one or more upper division courses. Several questions were asked regarding current practices of Antelope Valley College. De'Nean Coleman-Carew asked if we currently have lower division courses that are equivalent to upper division units. De'Nean Coleman-Carew also asked if we accept students who had attended a University, can the student transfer 120 + units. Lee Grishman did state that we do currently have lower division units equivalent to upper division units. He also stated that other community colleges set a limit on the number of transferable units, which is something that can be considered.

Ms. Clinton requested that the committee members take the information back to their divisions and collect comments and concerns from the campus community. This will return to the committee in a month for further discussion.

6. **ACTION ITEMS** – New Community Service Offering – First Reading

Ms. Clinton requested that the committee make a motion to amend the agenda to move item 7a-8a to be discussed next. A motion was made and seconded to amend the agenda. Motion carried.

- a. Want Your Child to Have Better Grades? You Need "The Homework Nanny!" Marta Shea
- b. Funtastic Teaching Improves Student Grades Marta Shea
 Marta Shea was not present to discuss her proposed Community Service Offering courses. Dr. Tom O'Neil was present to document any recommendations, which will be taken back to Community Education. Beverly Beyer was wondering why the course descriptions were the same. Les Uhazy thought that one addressed a teacher or tutor while the other addressed the parent. Dr. O'Neil will get clarification from Community Education and these two offerings will return to AP&P at a later date.
- c. How to Learn Anything Faster Howard Stephen Berg
- d. Ultimate Speed Reading Howard Stephen Berg

Howard Stephen Berg was not present to discuss his proposed Community Service Offering courses. Dr. Tom O'Neil was present to document any recommendations, which will be taken back to Community Education. Beverly Beyer questioned the instructor's ability to teach 1000 participants at a time. Duane Rumsey wanted clarification on whether the online course was going to be taught through the campus or the instructor's personal Website. Ms. Clinton stated that the use of a personal Website would not be appropriate. Mrs. Lowry further explained that all online courses, whether credit or non-credit, should be offered through Blackboard. Dr. O'Neil will take the above concerns back to the department for clarification and the courses will return to AP&P at a later date.

e. Novel Beginnings – Bonnie D. Stone

Bonnie Stone was present to discuss her offering. Ms. Stone gave a brief description of herself, as well as, the course. She explained that in 6 weeks the students will be able to successfully write a novel utilizing the provided handouts. The question was asked if the course will have prerequisites. Ms. Stone preferred to teach literate adults,

which she considered an adult to be 18 years or older. A concern was raised that this type of offering is already being taught by instructors in the Language Arts division. Duane Rumsey was asked to take the course back to his area and ask the instructors to sign-off on the appropriateness of this offering. Novel Beginnings will return to AP&P at a later date.

f. How to Get into Show Business – Hattie Fishburne

Hattie Fishburne was present to discuss her course with the Committee. She explained that the course will give participants information on what they need to know to get into show business, for example, how to get an agent, how to talk to an agent, charisma, etc. Her target audience would preferably be adults. Mrs. Lowry asked the purpose of the materials fee. Ms. Fishburne explained the fees were for the participants to purchase her book and CD. Beverly Beyer requested that the last sentence of the description be changed or revised. Ms. Clinton asked if the course could be taught in 3 hours. Ms Fishburne stated that the provided outline also included information regarding a different course offering. Ms. Fishburne was asked to revise the course description to include only the information taught during this offering. Ms. Fishburne will make necessary changes and will bring it back to AP&P at a later date.

g. Identity Theft Prevention – Bob Pearce

Bob Pearce was not present to discuss his proposed Community Service Offering course. Dr. Tom O'Neil was present to document any recommendations, which will be taken back to Community Education. The committee requested clarification on the purpose of the materials fee. The committee also felt that there was too much information to be covered in a four hour period. Margaret Drake requested that the course offering go back to the Technical Education division to be sure that Administrative Justice is okay with the offering.

Mr. Chapman explained that he would like to possibly give a face-to-face exam. The committee explained that if the class meets even once face-to-face, then the class would be considered hybrid. Also the committee requested that Mr. Chapman remove the reference to a particular location to use a computer, which is stated in section two. Mr. Chapman was also asked to remove the sentences in section 4a that reference instructor review timelines. Mr. Chapman will make recommended changes and decide on whether he would prefer online or hybrid. The distance education proposal will return at a later date.

Further discussion on the matter took place and De'Nean Coleman-Carew pointed out that Physical Education addresses this issue in the catalog. Ms. Margaret Drake noticed that the ceramics courses do not address the issue in the catalog. NON-DISCRIMINATION POLICY

Antelope Valley College prohibits discrimination and harassment based on sex, gender, race, color, religion, national origin or ancestry, age, disability, marital status, sexual orientation, cancer-related medical condition, or genetic predisposition. Upon request, we will consider reasonable accommodation to permit individuals with protected disabilities to (1) complete the employment or admission process, (b) perform essential job functions, (c) enjoy benefits and privileges of similarly-situated individuals without disabilities, and (d) participate in instruction, programs, services, activities, or events.

Upon request, this agenda will be made available in appropriate alternative formats to persons with disabilities, as required by Section 202 of the Americans with Disabilities Act of 1990. Any person with a disability who requires a modification or accommodation in order to participate in a meeting should direct such request to Mr. Christos Valiotis, Academic Senate President, at (661) 622-6306 (weekdays between the hours of 8:00 a.m. and 5:00 p.m.) at least 48 hours before the meeting, if possible. Public records related to agenda items for open session are available for public inspection 72 hours prior to each regular meeting at the Antelope Valley College Academic Senate's Office, Administration Building, 3041 West Avenue K, Lancaster, California 93536.

AVC COMMUNITY SERVICE OFFERINGS

According to Education Code 55002, Community Service Offerings are those offerings (classes) that meet the following minimum requirements:

- 1) approved by the district governing board;
- 2) designed for the physical, mental, moral, economic, or civic development of persons enrolled therein;
- 3) provides subject matter content, resource materials, and teaching methods which the district governing board deems appropriate for the enrolled students;
- 4) conducted in accordance with a predetermined strategy or plan;
- 5) open to all members of the community willing to pay fees to cover the cost of the offering;
- 6) may not be claimed for apportionment purposes.

In addition to meeting the above requirements, the Academic Senate feels strongly that any proposed course, offering, or program first gain faculty support. Therefore, community services offerings at Antelope Valley College are subject to division review and approval before going to the AP&P Committee.

Guidelines:

- the Dean of Economic Development will keep faculty informed of offerings needed or being developed as Community Service Offerings and, when possible, use currently employed permanent or adjunct faculty to develop and teach these offerings;
- 2) once a Community Service Offering has been proposed/developed, a Community Service Offering Outline form must be completed:
- 3) the Dean of Economic Development then sends the CSO Outline form to the appropriate division for review by the dean and the AP&P representative, who consult with division faculty;
- 4) if there is a question as to which division the offering falls under, it should be sent to the AP&P faculty cochair for review and approval;
- 5) if the division dean, the AP&P representative, and the faculty have no concerns or questions, they will sign off on the offering(s) and return the form(s) to the Dean of Economic Development;
- 6) if the division dean, the AP&P representative, or the faculty have concerns or questions, they will meet with the Dean of Economic Development to discuss their concerns or questions and present suggestions for revision;
- 7) the division dean, the AP&P representative, and the faculty then have the right to approve the offering or not; if approved, signatures are required on the form;
- 8) prior to publishing a schedule of Community Service Offerings, the Dean of Economic Development will present a copy of the signed and approved CSO Outline to the AP&P Committee for review and approval;
- 9) final approval by AP&P is generally granted based upon division approval of offering(s);
- 10) once AP&P has approved a Community Service Offering, it need not go through the review process again unless there are substantive changes made to it;
- 11) the Dean of Economic Development then takes the approved Community Service Offerings to the Board for final approval before they are published and offered.

*During summer/intersession when AP&P does not meet, steps 1-7 must still be completed; however, steps 8 and 9 will be handled by the faculty cochair of AP&P, the Academic Senate President, and the Vice President of Academic Affairs.
