Budget Call Memorandum

To: All Vice Presidents, Deans, Directors and Program Coordinators

From: Diana Keelen, Executive Director of Business Services, Budget Committee Co-Chair

Date: November 12, 2018

Re: Budget Development Process Fiscal Year 2019–2020

We are heading into our second year of the electronic process for submitting, reviewing, approving and scoring budget requests.

Also, as part of the Budget Committee's annual process improvement, we are streamlining the request process by asking that you only provide budget requests ABOVE YOUR EXISTING BASELINE for ongoing requests. Please also submit for ONE-TIME REQUESTS that are greater than \$7,500 ONLY. Vice Presidents and Executive Directors will be given funds, *when available in the budget*, to address requests that are \$7,500 or less. There is a lot of time and effort put into the request process and the Budget Committee has determined that it would be a better use of time evaluating those requests of a higher dollar threshold. Requests \$100K or more will require a resource utilization report as part of the feedback loop to Budget Committee.

The Budget Committee has reviewed the budget development process. Even though the District is in stability, accreditation requires that schools plan and review programs and operations to support student learning and success. We develop our planning and prioritization and then apply the available funding when it is available. Enclosed you will find copies of the following to assist in the budget planning process:

- o (1) Budget Instructions
- o (2) Budget Development Calendar
- o (3) Budget Scoring Rubrics
- o (4) Resource Utilization Report (Only for those funded requests for \$100K or more)

Please do not include permanent employees. You may include temporary or student worker requests. Permanent employee requests are going through the human resources subgroup to develop the staffing plan. If you have questions on permanent staffing, please contact Mark Bryant in Human Resources.

The Resource Allocation Proposal is required for each request above the baseline budget in 2019-2020.

<u>Please submit requests electronically by Friday, 1/18/19.</u> As always, please feel free to contact me if you need assistance. In the meantime, Happy Budgeting!

Respectfully,

Diana Keelen Diana Keelen

Executive Director of Business Services, Budget Committee Co-Chair

Budget Request Instructions

Budget is driven by the strategic planning process of the college, which is derived from the educational master plan, facilities master plan, information technology plan, program reviews and other planning documents of the college. The budget does not drive the need for resources, only the ability to fund those resources. Please include those identified needs through the resource allocation proposal process.

- There must be a current program review or annual update given to the program review coordinator in advance before you can request resources. If a current program review or annual update has not been submitted to the program review coordinator, your request will be removed from consideration.
- 2. Requests for marketing, information technology hardware, audio visual equipment, facility alteration & repair, vehicles and financial systems have been centralized. If you are requesting items that fit into these categories, you must see the responsible executive director to be considered in the overall prioritization of these items for the District as a whole.

<u>Marketing:</u> Executive Director of Marketing & Public Relations

<u>Financial Systems:</u> Executive Director of Business Services

<u>Audio Visual Equipment or Information Technology Equipment:</u> Executive

<u>Director of Information Technology Services</u>

<u>Facility Alteration & Repair and Vehicles:</u> Executive Director of Facilities

Planning

If you submit a request for the above referenced items that has not been coordinated with the above executive director, your request *will not be considered*.

- 3. Requestors can log into the NEW resource allocation website at: https://webservices.avc.edu/?service=budget. Please see below based upon which role that you serve: Requestor, Approver or Budget Committee Scorer.
- 4. Each administrator must assign a priority rank to the requests coming from their areas. For example, you have 5 total requests. The administrator must assign #1 as the first priority, #2 as the second and so on.

Budget Request Instructions

There can only be one #1, one #2, etc. from the Divisions or Departments as follows:

- •Institutional Effectiveness, Research & Planning/Library Services
- •Public Information Officer/Marketing
- Business & Auxiliary Services
- Facilities Services
- •Information Technology Services/IMC
- •Rhetoric & Literacy Division
- •Health & Safety Sciences Division
- •Career Technical Education Division
- •Math, Science & Engineering Division
- •Arts & Humanities Division
- Social & Behavioral Sciences Division
- Palmdale/Extended Learning Division
- •Risk Management
- Student Life & Development Division
- •Enrollment Services Division
- Counseling & Matriculation Division
- Office of Student Services
- •Office of Human Resources/Payroll
- Office of Academic Affairs
- •Office of the President
- •Bachelor's Degree Program

Budget Request Instructions-Requestor

- The request process will be online at: https://webservices.avc.edu/?service=budget
- At first login, you will be asked to identify your role. Please pick the department in which you are submitting the resource request. You will only have to do this once. Click budget request on the right hand side of the request. Next, pick the fiscal year of your request, which will be 2019-2020. If it already shows 2019-2020, then pick the type of request. Operational/Academic (Non-Operational). Here is a visual as an example:

(Example of system below only for illustration purposes)

Business Services

Approve Requests/Set Priorities

Modify Data

Modify System

• There are two types of requests. One is for operational requests. The other is for academic/non-operational requests. Determining which one to use depends upon the nature of the request itself.

Operational is typically the general operation of the college. Meaning when the campus opens its doors there are things that must function in order for the college to operate, e.g., the facility, utilities, wi-fi, systems, networking, administration, etc. It is the indirect support to our educational and student support activities.

Academic/Non-Operational is typically tied to the direct instruction of students or the support services that affect student learning outcomes and program learning outcomes. Typically it is tied to some sort of programs such as classroom that require instructional materials & equipment, counseling programs, library services, etc.

Some requests may teeter on operational or academic/non-operational. If your request fits within majority of the following goals, then use the corresponding request form:

Operational Request	Academic/Non Operational Request
Maintaining Health/Safety	EMP Goal #1: Commitment to
	strengthen Institutional Effectiveness
	measures and practices
Ensuring Compliance	EMP Goal #2: Increase efficient and
	effective use of all resources (2.1-
	Technology, 2.2-Facilities, 2.3-Human
	Resources & 2.4-Business Services)
Enhancing Operational Support	EMP Goal #3: Focus on utilizing proven
	instructional strategies that will foster
	transferable intellectual skills
Utilize campus resources efficiently and	EMP Goal #4: Advance more students to
effectively	college-level coursework (4.1- Develop
	and implement effective placement
	tools)
Maintain & enhancing community	EMP Goal #5: Align instructional
partnerships	programs to the skills identified by the
	labor market
Increase resources to enhance	
technology support of mission &	
processes	

• Through the campus wide planning retreats, the 2019-2020 priorities will be on EMP Goal #2, #4 & #1, with EMP Goal #1 as an overarching priority over the next several years. We will plan for ALL EMP goals, but the prioritized EMP goals will carry a higher weight in the resource allocation process. As a reminder, here are specific examples of focus:

EMP Goal #2: Increase efficient and effective use of all resources.

o Budgeting, planning & forecasting, Facilities Plan build out.

EMP Goal #4: Advance more students to college-level course work.

 First Year Experience, Summer Bridge, ScoreCard Achievement Gaps, Assessment.

EMP Goal #1: Commitment to strengthen Institutional Effectiveness measures and practices.

- EMP Goal #1 is an overarching priority over the next few years.
- Do not enter in the existing baseline budget amount. The request process is for anything above and beyond your existing baseline budget. For example, the existing

ongoing baseline budget is \$2,000 in travel. An additional \$500 is needed for a total of \$2,500. The request would be for the additional amount, which is \$500. Do not enter any ONE-TIME REQUESTS BELOW \$7,500. If funds are available, each Vice President and Executive Director will be given funds to address those requests below the threshold on a prioritized basis.

- If the request is for equipment, then please submit a resource allocation proposal for each piece of equipment unless this is relating to successful completion of a project. For example, the request is for two carts. Submit a request for each cart. Another example would be if there is a project to implement security gates in the library. The project requires 4 security gates. A request for each security gate is not necessary because it relates to the replacement of security gates project. Only one proposal is necessary in this case.
- Please identify in the check box of the proposal if partial funding is acceptable and the minimum amount of funding that you would accept.
- Requests over \$100K that are funded will require a feedback loop to Budget Committee at the end of the year.

Please fill out all items on your request.

Section I will ask you to check all applicable planning documents and to briefly describe how your request is supported by the planning documents that you list. Please specifically list the planning document, include the specific language and where it can be located. For example: BSA program review, "the request for software to automate the invoicing system in accounts payable" found on page 10.

Section II will ask you to identify the institutional goals/EMP goals and to describe how your request is within that goal. Please make sure you describe how each box is checked and how it applies to the request. For example, EMP Goal #2: Enhancing Efficient & Effective Use of Resources: this request will reduce the amount of late vendor payments and create an electronic tracking system of where an invoice is in process. Page 10 of the BSA program review. If you are checking more than one box, do this for each box checked and where it can be found in a planning document.

Section III are the President's Goals. Please check all that apply and describe how it applies to each goal. For example: "Supports a fully-integrated system of record implementation and fiscal independence from LACOE. Page 10 of the BSA program review. Accounts payable software will track the progress of invoices submitted electronically and payment timelines. Timely payments will ensure that the district can maintain fiscal independence by ensuring the District does not have adverse reporting to credit rating agencies that can affect the

District's ability to sell bonds at lower interest rates." If you are checking more than one box, do this for each box checked and where it can be found in a planning document.

Section IV will ask that you submit how the use of this requested resource will be measured. You can use qualitative or quantitative methods of measurement. For example: Timeline of payments to vendors will be reduced by 20% in the first year. A system report will be used to track recurring payment due dates and payment dates compare a sampling of the previous year.

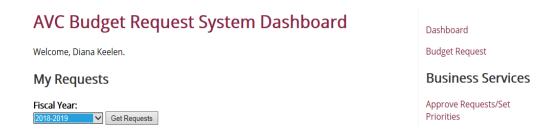

Once you submit your request, it will go to the supervising administrator for review, approval and prioritization.

Budget Request Instructions-Approver

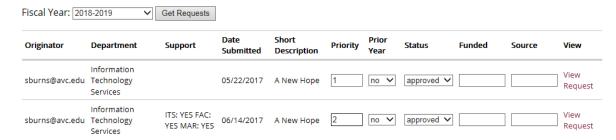

The approval process for budget requests will be online at: https://webservices.avc.edu/?service=budget

- At first login, you will be asked to identify your role. Please pick the area that you are approving. You will only have to do this once.
- It is recommended that you review the budget request instructions-requestor to get familiar with what the information that has been given to those submitting requests.
- Once you are logged in, you will see a section to the right: (Example of system below only for illustration purposes)

- The Dashboard will allow you to view all requests that have been submitted by clicking the fiscal year.
- Click the approve requests/set priorities to view, approve, send back or prioritize requests.

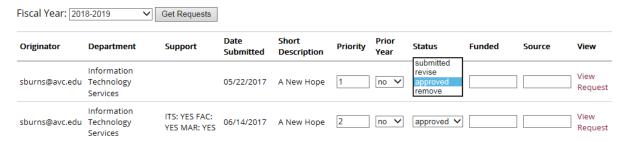

Approve Requests/Set Priorities

 Under this section, you will be able to change the status of each request. Here are the options:

Approve Requests/Set Priorities

• Once a request has been submitted, it will show submitted until it is dispositioned. All submitted requests will need to be approved, removed or revised.

Budget Request Instructions-Budget Committee Scorer

- The approval process for budget requests will be online at: https://webservices.avc.edu/?service=budget
- At first login, you will be asked to identify your role. Please pick the area that you are approving. You will only have to do this once.
- It is recommended that you review the budget request instructions-requestor to get familiar with what the information that has been given to those submitting requests.
- Once logged in, you can go to score requests on the right hand side:

Budget Committee

Score Requests

• Once in the score request screen, you will be able to view all requests that are available for scoring, score the requests and view the score. If there is no score given, this means that you have not scored the request.
