Comments for the self-study team

- Areas 2 and 4 contain data but there does not seem to be application or analysis included; how has the analysis of data affected practices?
- Page 7 states that each program is followed up with an evaluation analyzed by the Research Office. What does the analysis indicate; how is that information used?
- We do not see a clear plan of SLO/PLO assessment.
- Identify how changes in services and practices support the college mission and learning outcomes.
- Please explain the acronyms clearly.
- Area 5.2, not clear what was to be done or if any progress has been made on the recommendations and accomplishments of goals.
- Area 10.2 is to be a list of facilities, equipment, and technology needed and the first 4 items don't appear to fit that description.
