Recommendations to the program

Submit future program review reports by the October 31 deadline.

2.3 You should show the success, persistence and retention numbers of VAP students for each of the past four years. Compare their achievement with district achievement.

2.4 Document use of data to make decisions and then provide examples where changes coincided with improved student achievement.

2.8 Report and analyze program services data (e.g. number of students served or certified, changes in on-time payment ratios).

3.1 In future reports compare year to year changes in outcome findings. Note when you use data to help you decide to make a change that improves your findings.

Comments to the program

Comment to the program from Ty Mettler, Program Review Committee member.

As a former Air Force member I see the great job you are doing in assisting veterans with their education. I have heard nothing but good things from my students who work with the VAP to meet their educational needs.
