

Peer Review Report for Extended Opportunity Programs & Services (EOPS) and Cooperative Agencies Resources for Education (CARE)

Date: 2/25/14

Assessment of Comprehensive Self-Study Report

 X The self-study presents adequate program information; analysis of data measures is provided; narrative information is provided and addresses the criteria; conclusions, goals/objectives, planning and recommendations relate to the analysis of data, strategic goals, EMP planning, institutional learning outcomes and district mission.

Comments about the self-study report

3.1 Good documentation of time frame and discussion/rationale for survey modification and revision

Part 5 Table format was easy to follow and read.

Recommendations to the program

Please continue to work with the Department of Institutional Effectiveness, Research and Planning to identify and track comprehensive data for EOPS which may be utilized for program review and other planning efforts.

Is there any way to follow your students after they leave AVC? It would be interesting document their success rate at four-year colleges and universities after transferring.

Comments to the program

Clearly more students would benefit from EOPS support and guidance if funding was available to expand the program. Thank you and continue with the great work!

The 2013-2014 EOPS and CARE self-study report has been reviewed and accepted by the Program Review Committee.
