### PROGRAM: Information and Welcome Center

Use this page to identify the Student Learning Outcomes (SLO) for the course.

For each outcome indicate, by number, which Institutional Learning Outcome (ILO) and, if available, Program Learning Outcome (PLO) the course Student Learning Outcome will support. Also, describe the type of assessment(s) to be used that will determine if students have achieved the outcome and what corrective action will be taken based on the results of the assessment. **The Corrective Action column should not be completed until the outcome has been assessed at least once.** If the assessment is positive, enter 'None Needed' in the Corrective Action column.
