Definition
The Office for Students with Disabilities (OSD) is designed to provide support services on an individual basis to our physically and cognitively disabled students, so as to maximize their learning experience. Some of our support services are: course advisement, priority registration, test proctoring, disability-related counseling, notetakers, readers, equipment loan, ASL interpreting, real time captioning, and alternative text production.

The philosophy of the OSD program is to integrate students with disabilities into regular classes. However, an Adaptive Physical Education (KIN 101) class is available for students who have physical limitations and want to participate in an exercise program, including swimming and weight training.

For more information, students should contact the office for Students with Disabilities in T100. The OSD program has computer software and adaptive computer equipment available in the High Tech Center located in the Learning Center and deployed both in the Lancaster and Palmdale Campuses.
