

Approved Honors Faculty for Honors Option Contracts
Spring – Summer- Fall
LAST UPDATE (3/21/16)
Honors Options by Contract

Note: Only approved honors faculty should be approached regarding this option.

Honors students may complete three of the six required honors sections of classes by enrolling in and fulfilling an honors option by contract in a 3 unit (or higher) transferable course. Contracts should be filled out completely, signed by student and instructor, and returned to the honors coordinator by the end of the **4th week** of the semester and **2nd** week during summer session. The grade in the course should in no way be affected by the completion or lack of completion of an honors option.

Before offering an honors option to a student, instructors must submit a proposal and receive approval from the Honors Committee/Coordinator. Instructors may use their discretion in deciding whether to offer an honors option for a particular course or student. Faculty who do not consistently meet the guidelines set forth by the Honors Committee may have their course approval revoked. Below is a list of approved faculty.
