THE PROGRAM

Antelope Valley College's Honors Transfer Alliance Program (TAP) presents an enriching **pathway for transfer students**. This program is committed to serving a diverse student population by offering **unique opportunities** for individualized collaboration.

Participants engage in **transformative learning experiences** within Honors courses, which feature **smaller class sizes** (maximum of 21 students). Students are encouraged to collaborate closely with faculty to pursue **innovative and independent projects**, while the program emphasizes the **development of writing, research, and critical thinking skills**. The carefully curated course offerings aim to facilitate a smooth transition to a four-year university, and students benefit from the guidance of an honors counselor to assist in course planning.

Additionally, the Honors Transfer Alliance Program (TAP) grants students **priority consideration for admission to various prestigious universities** both statewide and nationally. The Honors Transfer Council of California (HTCC) facilitates these transfer agreements between honors programs.
