1. All persons shall move toward the nearest marked exit. Remember the following:
 - a. Do not use elevators.
 - b. When a wheelchair occupant or other person with mobility impairment reaches an obstruction, such as a staircase, he/she should request help from others in the area.  - c. If help is not immediately available, the wheelchair occupant or other person with mobility impairment should stay in the area in front of the elevator or on the exit stairwells. He/she should continue to call for help until rescued.

Rescue personnel, campus security personnel, or the emergency response team will first check elevator lobby areas and exit stairwells for trapped persons. Once they have evacuated any trapped persons, they will then check restrooms, classrooms, offices, and all common use areas. They will flash lights in addition to doing visual and verbal checks to alert deaf/hard of hearing persons.

2. Assist a hearing impaired person in an emergency as follows:
