Summer Science Academy

Discover how fun aviation can be!

Monday–Friday

July 28–August 1, 2014

12 p.m. – 4 p.m.

Palmdale Aerospace Academy

38060 20th Street East, Palmdale, CA 93550

The Summer Science Academy provides hands-on interactive activities for current 7th and 8th graders. Students explore engineering careers through activities that are designed to challenge them while making the learning of science fun.

Explore the potential of Science, Technology, Engineering and Math

- Ever consider Engineering as a college major or career?
- Design, build, and test model airplanes
- Explore the world of engineering in small groups

Visit our website to apply: <http://www.avc.edu/palmdale/stem> *Space is limited.*

For more information contact the Palmdale STEM Office at (661) 722-6400, ext. 6991.

Funded by a HSI Title V Grant.
