Do you want to be a part of the future of space exploration?
Rockets will be your vehicle for learning at the

2015 AVC SUMMER SCIENCE ACADEMY

Design, create and explore the principles of rocketry.

Monday–Friday

June 8–June 12, 2015

8 a.m.–12 p.m.

Palmdale Aerospace Academy

38060 20th Street East, Palmdale, CA 93550

The Summer Science Academy provides hands-on interactive activities for students entering the 7th and 8th grades this fall. Students explore engineering careers through activities that are designed to challenge them while making the learning of science fun.

Explore the potential of Science, Technology, Engineering and Math.

Register online: <http://www.avc.edu/palmdale/stem>. *Space is limited.*

For more information contact the Palmdale STEM Office at (661) 722-6400, ext. 6991/6527.

— Funded by a HSI Title V Grant —
