

Additional Special Student Admittance Information

Title 5 of the state Educational Code (48800.5) and 76001 (a), (b) and (h) indicates that minor students may take college classes that are for **“advanced scholastic or vocational education and for which they have demonstrated adequate preparation in the discipline to be studied and have availed themselves of all opportunities to enroll in an equivalent course at their school of attendance.”** The intent is to provide educational enrichment opportunities for eligible minor students. Students who enroll in college level classes will find them challenging; therefore, the student will need to demonstrate that they can meet the academic requirements to enroll in the class.

Admissions Requirements:

- Apply for admission online at www.avc.edu. Click "Apply Online" link, scroll to the bottom of page and click on "Begin Application for Antelope Valley College".
- Bring unofficial transcripts and completed Special Student Admittance form to the Admissions and Records office. **Transcripts and Special Student Admittance Form are required each semester.**
- Permission from AVC, a 2.5 cumulative GPA for academic courses and a 2.0 cumulative GPA for vocational courses is required of all students.

Course Requirements may include:

- Some performance classes have an audition requirement prior to enrollment.
- For some classes there is an age limit, which is based on a state regulatory body.
- **Physical Education Classes:** Minor students must have completed the 8th grade to enroll in a physical education (PE) class. Only 10% of enrolled students in any section of a PE course may be comprised of Special Admit students.

Registration (With AVC Permission, limited online registration is available only during open registration):

- Special Admit students must register online during open registration.
- All prerequisites, co-requisites, and special requirements for a course must be met.
- All applicable enrollment and material fees must be paid by published deadlines.
- Special Admit students are not permitted to audit courses.
- Special Admit students are not permitted to take Basic Skills Courses.
- All students 14 and under need to meet with the Dean of Counseling before enrolling at AVC.

Transcripts: All classes taken at AVC will appear on a student's AVC transcript. If a student would like his/her school to receive a copy of his/her transcript, it is the student's responsibility to request an official transcript by completing a Transcript Request Form at the Transcript Office.

Student Records / Privacy: California Education Code 49061 states that parents of community college students do not have a right of access to their children's student records, regardless of whether the student is under the age of 18. In addition, Section 1232g of Title 20 of United States code states there is a general right of parental access to student records, but not for college students, regardless of age. Therefore, Antelope Valley College cannot permit parent(s) to request or obtain their child's student records.

Denial: California Education Code 48800 (b): If the governing board denies a request for a special admit student, who is identified as highly gifted, the board shall issue its written recommendation and the reasons for the denial within 60 days. The written recommendation and denial shall be issued at the next regularly scheduled board meeting that falls at least 30 days after the request has been submitted.
