Welcome Center

Your First Stop at AVC!

Whether you're a new, returning, or just a curious potential student, the Welcome Center is here to help you get started with confidence.

Our friendly staff and Student Ambassadors can help you:

- Complete your AVC application
- Navigate the enrollment process
- Find your classes
- Obtain your AVC Student ID
- Connect with campus resources
- Learn about events and student life
- Answer general campus questions

Start here. We'll help you find your way!

Dual Enrollment

College Starts Now.

Dual Enrollment gives eligible high school students the opportunity to take real college classes while still in high school, earning college credit and, in many cases, high school graduation credit at the same time.

Working alongside our local school district partners, we help students:

- Get a head start on college
- Explore careers and majors
- Save time and money
- Build confidence before graduation
- Launch toward college and career success

Not attending a Dual Enrollment partner school? Students may still have opportunities to take college classes through AVC's **Special Admit** Program, administered by Admissions & Records.

While both programs allow high school students to earn college credit, Special Admit students enroll independently rather than through a school partnership.

One class today can change tomorrow.

Outreach

Taking AVC Into the Community
You'll find the Outreach Team wherever students, families, and our community gather!

We connect future Marauders with opportunities through:

- Community events & resource fairs
- High school presentations
- College & career fairs
- Campus tours
- Community partnerships
- Special campus experiences

We're also the team bringing the fun, information, and **SWAG** to every event!

If you've seen an AVC tent...
you've probably met us!
