

What Can I Do with This Major?

Airframe Manufacturing Technology

The program meets the need in the aerospace industry for multi-skilled individuals who understand, perform, and serve as first-line leads in the major processes of manufacturing the structural components of an aircraft for civilian and military specifications. This program is designed to prepare students for careers in aviation manufacturing engineering.

AVC Certificates & Degrees

- Airframe Manufacturing Technology Bachelor of Science Degree

Examples of Work Industries & Employers

Aerospace Corporations
Manufacturing Companies
General Aviation Firms
Commercial Airlines
Aircraft Manufacturers

Possible Job Titles

Aircraft Assembler Lead
Airframe/Systems Lead Technician
Composite Fabricator Lead
Multi-skilled Composite Low Observable Lead Technician
Manufacturing Engineer
Process Engineer
Plant Engineer
Facility Engineer
