

What Can I Do with This Major?

Dance

The Dance program offers experience in dance as an art form, both in practice and in theory. Students of dance experience creative expression through bodily movement, movement rhythmic structure, and the development of bodily alignment, form, strength, coordination, balance, control, physical agility, flexibility, and stamina. The Dance program provides a program of professional preparation courses for those students majoring in dance who wish to transfer to a four-year educational institution, and it gives students training in dance technique, choreographic methods, dance theory, and dance performance for personal development or to prepare them for a career in dance.

AVC Certificates & Degrees

- Dance associate degree
