

What Can I Do with This Major?

Music – Commercial

The Commercial Music Program offers two levels of certification and an AA degree, all designed to prepare students for careers as instrumentalists/vocalists, songwriters, live sound and studio recording engineers, music producers, and/or artist agents. Students are taught various contemporary music styles/histories and latest music industry developments. Students are given opportunities to perform and work technical positions at live concert events. As an Avid Technology Learning Partner, opportunities for students to earn official Pro Tools and Sibelius User certifications are also offered.

AVC Certificates & Degrees

- Commercial Music certificates (I and II)
- Commercial Music associate degree
