

What Can I Do with This Major?

Photography – Commercial

The Photography program is directed toward individual artistic development with an emphasis on the student's ability to create independent works. This program will help students gain the skills and knowledge necessary to enter into the photographic workforce. The Photography program emphasizes technical skills in the operation of 35mm, medium and large-format cameras using film-based and digital camera systems. Digital imaging, editing and creative manipulations, and digital printing and color management technologies are provided from entry-level classes and throughout the entire curriculum. The program develops an appreciation for the historical and contemporary relevance of photography.
