

AFTER YOU SUBMIT YOUR CSU APPLICATION

- After you've submitted your application to one or more CSU campus, you will receive an acknowledgment e-mail or letter from each campus.
- In that acknowledgment email or letter, the campus will provide directions on how to set up your on-line student portal account at that campus. Communication from the university will come solely through the student portal account.
- Between January and February, you may get a notification in your student portal about any missing items, such as financial documents or recommendation letters.
- Depending on the campus, students will be notified of admissions decisions (whether you've been admitted, denied admission, provisional admission or waitlisted for admission) thru March
- If you've been accepted, you must submit your "**intent to register**" by **May 1**, along with a deposit. Again, each campus will let you know how to do this via your portal account.
- Eventually, you'll be asked, too, to submit your final transcript from ALL colleges and universities you have attended.

Some schools will request transcripts as early as the end of December. Log on to your student portals. If you have a transcript request, send them immediately To order transcripts from the AVC transcript office use link below.

<https://www.avc.edu/student-services/transcripts>

The student portal will also be used to share other information, such as details about orientation, housing and financial aid. Click the link below for more information for each campus
