4.3 membership requirement

Open discussion led by Bernadine

Proposal: Less than 10 members to activate a club

Policy change requires Board of Trustee approval

Possibly as few as 7 or 5 members could be sufficient for activation

5 students = full board + 1 member to activate

Can get events going to help club grow

AVC Speech Club - We started with 5 interested students, now 10, no problem.

Native Americans – Let students start clubs, knowing they can't stay active without members. Alex Webster – opinion: given 15,000 students, seems 10 is small enough number as is. Alternate viewpoint (unidentified): Let a few form a club and get the word

out. MUN - Small foundation with a mission statement can plan events. Easier scheduling with 5 board positions + 1 member. Dr. Z – probation period applies

Suggestion: Work with Bernadine, take the idea to your clubs for discussion and viewpoints. Bernadine – Change of ASO policy, important to get facts first.

AVC Gamers: gather some statistics, Native Americans: willing to do research, Alpha

Iota & Significant Ambition agreed to support. Alex Webster –Suggest to have info ready to take to Board of Trustees' December meeting. Seek student voice, find out

who's in favor, do a survey. Dr. Z – Find out what your club members think.
