## **REPORTS**

### **6.1 Advisor Reports**

-Dr. Zimmerman wishes students good luck for finals. A survey will be released by ASO on advocacy. Dr. Zimmerman will be asking for our input on how to make AVC a better experience and how to be more involved with on campus activities. A student equity report will be done showing how we meet the needs of our students based on ethnicity, race, gender, disability status, foster youth, low economic status, and veteran status. The report shows if all these students are performing equitably and if not, what we can do to change it. Students involved in distant ed classes are not doing well. Students between ages 20-24 are not doing as well as other age groups. Our foster youth students are not doing as well either. We are looking to how to help these students reach their maximum potential.

-Marauders Dance Team wanted to know if a Pep Band could be created. Pep band includes dancers and a drum line. Dr. Zimmerman confirmed as long as the group is not a “class” and just a group of students that perform together, they can become a club.

### **6.1 Chair Reports**
