III. **STANDING BUSINESS**

3.1 Club Rush Fall 2015

The Club Rush committee met and decided on the date, time, location and events planned. It will be held on August 26 and 27. Clubs that do not plan on participating need to let the ICC Chair know at least a week prior to club rush event. All clubs are required to participate in club rush/club row. The purpose is for clubs to bring awareness and recruit new members. Let the campus know that you exist. Instead of Human Bingo we be playing the Guess Who game. Each club is going to have a different card. On the back of the card is going to be a description of a club. The purpose is to find the club which represents the card. For example STEM will inform the students what STEM Club is all about. STEM will than sign the card and hand another card out and it can refer to the others clubs on campus. After a student collects all the cards they turn them in at the ICC table. Redeem it for a hot dog, chips, water or soda. Clubs have until August 1, 2015 to come up their own description of their club or they receive a generic card. Want to have a Club Rush to have a school spirit theme. Like maroon and silver to show the rest of the campus that are united as clubs. Dr. Zimmerman suggested that we follow a football theme s a to promote AVC Football. Might want to sell tickets incase student who have not purchased their ASO sticker which allows to attend the games for free.

IV. NEW BUSINESS

4.1 **ICC Sponsored events for Fall Semester**

Review of the Budget- ICC's budget was reduced by 50%. We have \$1000 for the 2015-16 school year. The leadership retreat is August 11th and the Club Chair put in \$ 250.00 to be on the safe side. ASO board advised that if needed, ICC can request funds from ASO to support ICC events pending board approval of event. Noemi Bustamante got in touch with Dawn McIntosh from the Cafeteria. She received an estimate to give away 100 hot dogs that include chips, water, soda, condiments, and napkins. The cost for the catering from the Cafeteria is just about \$250 for 100 hotdogs including the chips and drink. We estimate at least 150 participants at the club rush event. Anthropology club suggested provided pizza as it is more cost effective. Noemi stated she would look into the cost of pizza. ICC discussed the suggested budget for the rest of the semester. This budget includes funds set aside for the ASO Hearts and Hands Pantry contest. 1st prize is 250, 2nd 125 and 3rd 75. Noemi Bustamante brought up that she wants the contest money to help clubs for their trips and activities. Anthropology Club made suggestion for clubs to allocate their funds to help pay for Club Rush. After all it benefits all the clubs in order to help promote themselves to the student body on campus. Anthropology Club also mentioned that they have no problem money wise in assisting with the budget. ICC Reps are required to discuss with prospective clubs and see if they willing to pitch in to increase the budget. If clubs are able to assist they will not be penalized.

Other events that planned for the Fall is a Halloween Dance in October and Veterans Day Appreciation Day in November. The month of September will be set aside to plan these events out in further detail. Dr. Zimmerman suggested getting to in contact with Ed Arnedt in the Veterans Resource Center. They usually have something planned on Veterans Day. Try to coordinate with them.

Noemi Bustamante is in the process of making it much easier for activities to get approved and will set it up online on Google Drive. It will be easier to reject and make corrections before the next ICC meeting. It will have to get the approval of Dr. Zimmerman.
