4.3. Recommendation of Club Probation

It has been brought to the attention of the chair that AVC STEM has held multiple events without ICC approval. In accordance with the ICC Constitution, Article VI, Section 1, A, #2 states a club can be placed on probation if found holding events without ICC approval. The club and advisor have been notified. The issue was brought to the ICC for discussion and possible action to be taken. It was made clear to the ICC that off campus events also require AVC Board Approval due to liability issues and must be considered extremely important.

- October 9, 2015- UC Davis Health Conference **[Off Campus]**
- October 16, 2015- Mars Airplane Information Expo **[Off Campus]**
- October 13, 2015- Salute to the Youth-AV Fair Grounds
- October 23, 2015- PhD Movie Day - HS 181

Anthropology Club moved to place AVC STEM for five infractions for a total of 20 days, SNAC Fall 2016 seconded.

Entered discussion. AVC STEM vote will be voided.

AVC STEM President Randee Maddox was present and wanted to address events. Movie day was an event put on by Dr. Nisani not AVC STEM. UC Davis trip was not AVC STEM responsibility but the responsibility of the Pre-med Committee. The other two events not intentional and didn't know they needed ICC approval.

-Chair: Although Pre-med committee maybe in charge of their trips, the club AVC STEM must know what the committees are doing and planning and must ensure all proper paperwork is filed.

-CNSA commented though although their trip request was denied, they were not allowed to attend a conference that would have benefited the club. Rules and regulations must be adhered to.

AMENDMENT to motion: Anthropology Club moved to amend previous motion to 3 infractions for a probation period of 20 days, Black Student Union seconded. Amendment passed

Perfectd motion: AVC STEM will be placed on a 20 day probation period for 3 infractions of unapproved events. One objection

V. REPORTS

5.1 Advisor Reports

None

Chair Reports

Ensure ICC members are reporting back to their respective clubs. All reports must be turned in to the chair.

Club Reports

AVC Sociology Club

Phyllis Gillis

The AVC Sociology Club met on 11-5-15. We discussed clothing requirements for our Flapjack fundraiser. We also discussed the idea of a multi club rummage sale to be held in spring. Discussed being part of the LA Homeless Count in January.

AVC Skills USA

Heather Ray-

The Skills USA Club has sold 10+ scrolled candle holders with requests to make more with intricate designs. We have also teamed up with the Blacksmithing Committee of

the STEM club. This will include forging techniques and future projects. Lastly we are getting ready for the Skills USA Regional Leadership Conference on Jan 23, 2016.

Club report (BSU)

Aerick Watson

The BSU just recently gave our first basketball tournament Saturday, November 7th. It was a success and we had a great turn out. Now that the tournament is over we are moving on to figuring out what future events we want to give by next semester.

Club Report

16 November 2015

On November 6, 2015, David Jones, Environmental Compliance Manager for the City of Lancaster talked to the club about his job as city employee as well as ways that our club could get involved. He mentioned a recycling program that the city of Lancaster is involved with. This recycling program deals with batteries, electronics, used oil, as well as other material that may be hazardous if disposed incorrectly. He told the club that he is interested in working with us in spreading the word on campus about this program. He also discussed problems such as illegal dumping and ways of educating the public about these issues.

Veterans Club

Gabriela Roper

Last week we discussed buying t-shirts for our club as well as activities for club rush week. We also decided on a cabinet of officers and handed out flyers for our club at the Veterans Day ceremony on Tuesday, November 10, 2015. We also have a new adviser Mrs. Rega Velinda from the English department. Since we have just established new officers for our club, as our previous president resigned we have determined that the best course of action is to start from scratch and plan for Spring Semester.

Alpha Iota

Ho Young Moon

We are planning our usual Holiday Party, which will arrive at the end of the semester. Not a lot of events are going on other than that, but Dr. McGovern mentioned Spring Convention is coming up soon and we should prepare well since we were not prepared at all for last one. Also, a member wanted to chair an event of trash pick-up at the beach, but it was too late to pass the trip request so we decided to do it next semester. Fall Convention went well, Santa Monica College was a beautiful campus. It was fun meeting members from other chapters. Workshops were really helpful with financial tips, and team bonding activities were interesting.

SNAC Fall 2016

Jennifer Lienert

We ended October with our garage sale. We did quite well with many donations and volunteers from our class to assist in the sale. We made about \$450, so we are happy with the results, and plan to do another next semester. We have our next fundraiser coming up on November 18th at Buffalo Wild Wings for a 20% off profits made that day when guests mention our club. We have had our class schedules changes so we are

working around schedules to plan our next meetings, but we are all working hard to see this semester end so we can enjoy our winter break.
